Style for *Every* Stage of Life

Who says a design-forward home can't be family friendly? FLOR rugs aren't just made to be beautiful. They're durable, washable, and versatile—everything you need to handle day-to-day living in style.

That's why interior designer and TV personality Brian Patrick Flynn chose FLOR for his Mid-Century Modern home in Atlanta, Georgia. As an interior designer and a new father, Brian's vision of home is a space that can grow with his family, without sacrificing his aesthetic.

Step inside Brian's chic family home and read his tips for how to strike the perfect balance of function and style.

As a dad, I'm all about blending style with practicality. Softer elements, rounded corners, and of course, kid-friendly FLOR rugs to handle spills and adventures.

“

When I want to change up my space, FLOR's tile design makes it easy to move or rearrange our rugs.

“
I gravitate toward interiors that are unique. I leave my mark by adding something quirky or even a piece that clashes with the rest of the room to draw the eye.

Your Rug, Your Way.

We believe a rug should be able to handle daily life and do it with style. The secret to our good looks is individual carpet tiles. If you want to update the style or change the size, no problem. Just replace a few tiles, not the whole rug.

1.

SAMPLES

See a style you like? Order our 6" samples for \$2 each. Visit [FLOR.com/samples](https://flor.com/samples) to get started.

2.

ORDER

Once you place your order, most ship within 2 business days and arrive to your home in 5-7 business days.

3.

FLORDOTS

These adhesives stick to the bottom of each tile, not to your floor. With only two components, one person can assemble the rug.

4.

EASY CLEANING

The tiles come apart for easy cleaning—just loosen the FLORDot, rinse tile in your sink, and put it back in place.

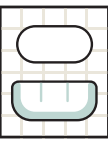

STANDARD & CUSTOM SIZES

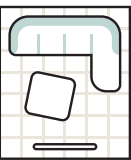

Select a standard rug size or enter your room dimensions into our tile calculator for a custom size. FLOR tiles are 19.7" or 50cm square. Visit us online at [FLOR.com/tile-calculator](https://flor.com/tile-calculator).

SMART DESIGN, LESS IMPACT

By rethinking materials and product life cycles, FLOR creates
rugs that help store carbon rather than release it.

Here's how we do it:

Avoid Carbon

Make FLOR tiles that are built
to last by continuing material
efficiency and waste reduction
in the manufacturing process.

Reduce Carbon

Continue decreased usage of
virgin petroleum-derived raw
materials, so great design doesn't
come at the expense of the Earth.

Store Carbon

Use recycled, bio-based
materials to store carbon,
so rugs can be reused and
recycled again and again.

Inspire

Lead and influence others to help
accelerate their own journeys to
meet the urgency of the climate
crisis. It's the future of flooring, and
we're already making it happen.
